Section 2. Effective Date of Agreement and Term of Eligible Reimbursement. It is understood that the effective date of this AGREEMENT is the date the AGREEMENT is signed by the Secretary of the CABINET. After execution of the AGREEMENT, the CABINET will return an original AGREEMENT to the RECIPIENT and issue a Notice to Proceed to begin work on a particular Phase of the PROJECT. Expenditures made prior to the effective date of the AGREEMENT and before the Notice To Proceed for the particular Phase covering the expenditure shall not be eligible for reimbursement. The Term of Eligible Reimbursement under this AGREEMENT shall be three (3) years from the date of its execution unless that Term is extended or amended by written agreement in accordance with the provisions of KRS 45A. Any and all funding obligated for any Phase of this PROJECT defined by the original Scope of Work and authorized changes shall be available to reimburse the RECIPIENT for eligible work activities completed and costs incurred after the effective date of this AGREEMENT and the Notice To Proceed covering that Phase of the PROJECT. Section 3. Duration of Project. It is understood and agreed by the parties hereto that the Scope of Work shall be completed within the period set forth herein under Section 2. In the event the RECIPIENT fails to perform the Scope of Work within the time allotted, or at any time the RECIPIENT fails to maintain adequate staff, project delivery systems, or sufficient accounting control, the CABINET reserves the right to cancel further reimbursements related to the PROJECT under the AGREEMENT. In the event the CABINET denies further reimbursement under this section, the RECIPIENT shall refund all reimbursements made by the CABINET to the RECIPIENT under this AGREEMENT.

Section 4. Project Funding. The CABINET shall reimburse the RECIPIENT upon request by the RECIPIENT providing proof of payment through appropriate documentation, which includes but is not limited to the following: work progress completed to date, expenses, cancelled checks, bank statements, verified affidavits, and employment reports. The RECIPIENT shall also submit with the request for reimbursement a formal letter that certifies that the work shown on the invoice has been performed in accordance with the terms of this AGREEMENT and approved plans and specifications, that the cost(s) shown are verified and are true and correct, and that the request for reimbursement in no way represents any degree of duplication of payments that have or will be received from other funding sources. This formal letter must be signed by the designated project manager for the RECIPIENT in responsible charge.

The RECIPIENT shall provide to the CABINET a pre-approved cost allocation plan prepared in accordance with the standards set forth in the Federal-aid Policy Guide and 49 CFR Part 18 in advance if any indirect costs are to be expended against the PROJECT.

Specifically, Phase I design activities will be allowed to proceed without a valid environmental document; however, the commencement of any Phase II design, right-of-way acquisition, utility relocation, or construction activities shall not be permitted prior to approval of the appropriate environmental document.

Section 8. Land Acquisition. Should the PROJECT require the acquisition of any interest in real property by the RECIPIENT and the RECIPIENT does not have the authority to acquire property by eminent domain, the applicability of the Uniform Relocation Assistance (URA) and Real Property Acquisitions Policies Act, 49 CFR Part 24 (as amended) shall be limited to the following requirements: (1) Prior to making an offer for the property, the property owner shall be advised in writing that should negotiations fail to result in an amicable agreement, the RECIPIENT will not be able to acquire the property, and (2) The property owner shall be informed in writing of what the RECIPIENT believes to be the fair market value of the property based upon a fair market value appraisal approved prior to any offer by the CABINET, Division of Right of Way and Utilities.

(2) The RECIPIENT shall conduct all appraisals and appraisal reviews using personnel meeting the CABINET's minimum qualifications and listed on the CABINET's pre-qualified appraiser and reviewer list. (3) If the RECIPIENT chooses to use an acquisition consultant on all or any portion of the PROJECT, the selection of the consultant shall be in accordance with the CABINET's Division of Right of Way Guidance Manual. (4) All appraisals must be reviewed and approved by the CABINET's Central Office review appraisers, failure to do so will result in the PROJECT being ineligible for Recovery Act funding reimbursement. Section 10. Permits and Licenses. The RECIPIENT is responsible for obtaining all permits and licenses required to initiate, perform and complete all phases of the PROJECT in an appropriate and timely manner. Per the CABINET/FHWA Stewardship Agreement, the PROJECT may require more involvement from the FHWA.

Section 11. Design and Construction Standards. All Federal and State design and construction criteria for the type of work shall be followed, including but not limited to 23 CFR 625, the CABINET's Highway Design Manual, the CABINET's Standard Drawings, the CABINET's Standard Specifications for Road and Bridge Construction, the CABINET's Drainage Manual, the CABINET's Structural Design Manual, the American Association of State Highway Transportation Officials' (AASHTO) "Policy on Geometric Design of Highways and Streets", and the Institute of Transportation Engineers' (ITE) Manual on Uniform Traffic Control Devices (MUTCD). with the Kentucky Model Procurement Code as defined within KRS 45A.730-750 and the FHWA policy outlined in 23 CFR 172. This requires the use of a Qualifications Based Selection (QBS) process for the selection of all engineering and related services. By complying with KRS 45A.730-750, the required Federal provisions of the Brooks Act will be satisfied. All plans and specifications must be prepared by a professional engineer or architect licensed in the Commonwealth of Kentucky and prequalified by the CABINET to practice the type of work to be done. If no CABINET prequalification category exists, a consultant must receive approval by the CABINET prior to working on the PROJECT.

Section 13. Contractor Procurement. When the RECIPIENT intends to use contractor services, the RECIPIENT shall be responsible for the advertisement, opening of bids, selection, and contracting for contractor services for the PROJECT, with the concurrence of the CABINET, in accordance with the Kentucky Model Procurement Code provisions KRS 45A.343, KRS 45A.345-460, as well as KRS 424, 23 CFR 635, 23 USC 112 and FHWA Form 1273. Contractors and subcontractors must be pre-qualified by the CABINET for the type of work prior to being awarded a contract. If no CABINET prequalification category exists, a contractor or subcontractor must receive the approval of the CABINET prior to working on the PROJECT.

The RECIPIENT shall prepare an independent engineer's estimate to compare against the contractors' bids for reasonableness. The RECIPIENT shall thoroughly review all bids and obtain concurrence from the CABINET prior to the award or the rejection of any contract of bids for work or materials to be used on this PROJECT. Factors that should be considered in reviewing submitted bids are: a comparison of the bids against the engineer's estimate, the number of bids submitted, the distribution or range of bids received, the geographic location of bidders, any potential savings from readvertising the PROJECT, a comparison of bids against other recent bids for the same item or service, the urgency of the PROJECT, the number of times previously advertised or contracted for, the current market conditions, a comparison of unit bids versus engineer's estimate unit bids, the funding available. Determining whether the bids received are adequate involves considering any critical safety improvements, emergency repair or replacement of damaged facilities, the opening of otherwise completed facilities to

traffic, furthering a phased construction schedule, or any other factors deemed important by the CABINET or FHWA. Specific Federal requirements defined within 23 CFR 635 require that the award be made to the lowest responsive bidder meeting the criteria of responsibility established by the CABINET.

Section 14. Contract Administration and Inspection. It is understood that the RECIPIENT shall be responsible for all aspects of administration, testing, and inspections to ensure the materials and construction meet CABINET specifications. This includes providing daily on-site inspection of contractor work activities and prompt processing all of the paperwork associated with the construction contract, including any change orders. The RECIPIENT must receive prior written CABINET approval for all change orders, but such approval shall not increase the funding obligated to the RECIPIENT under this AGREEMENT or otherwise.

If the RECIPIENT does not have adequate staff to perform this work, the RECIPIENT may hire a consultant or enter into an agreement with another governmental agency to provide these services. The CABINET must review and approve the Construction Engineering and Inspection agreement and the agreement with the service provider must be submitted to FHWA for concurrence. If the RECIPIENT elects to hire a consultant, the RECIPIENT must ensure that the consultant staff is competent in construction inspection and performs all work under the direct supervision of a registered professional engineer or architect licensed in the Commonwealth of Kentucky. The use of a consultant does not relieve the RECIPIENT of ultimate responsibility for the proper administration and inspection of the construction. If a consultant is used to provide inspection services, the RECIPIENT must also provide an appropriately certified and licensed RECIPIENT employee to be in responsible charge of the PROJECT oversee the inspections.

The CABINET and/or the FHWA may conduct an announced or unannounced field review of the PROJECT at any time. This field review is intended to verify conformance with all laws, regulations, and policies applicable to the Federal-aid Highway Program and provide assistance to the RECIPIENT where necessary.

Section 15. Davis-Bacon and Related Acts. The 1931 Davis-Bacon Act (prevailing Federal wage) requires the RECIPIENT of all Federal-aid construction projects to comply with contractor and subcontractor payment rates and fringe benefits as determined by the Secretary of Labor for corresponding classes of laborers and mechanics engaged on similar construction, alteration, and/or repair of public buildings or public works, painting, or decorating projects in the locality.

Section 16. The Contract Work Hours and Safety Standards Act. During the construction of the PROJECT, the RECIPIENT shall comply with the Contract Work Hours and Safety Standards Act which contains weekly (after 40 hours) overtime pay requirements and applies to most Federal contracts which may require or involve the employment of laborers and mechanics, including watchmen and guards. Section 107 of the Act provides health and safety standards on covered construction work which are administered by the Occupational Safety and Health Administration (OSHA). The RECIPIENT shall refer to the Contract Work Hours and Safety Standards Act for the requirements under this provision.

Section 17. The Copeland "Anti-Kickback" Act. The RECIPIENT shall comply with the "Anti-Kickback" section of the Copeland Act, which makes it punishable to induce any person working on a Federally funded or assisted construction project to "give up any part of the compensation to which he is entitled under his contract of employment." The RECIPIENT shall refer to the Copeland Act for the requirements under this provision.

Section 18. Title VI - Civil Rights Act of 1964. The RECIPIENT shall comply with all requirements imposed by Title VI of the Civil Rights Act of 1964 (78 Stat. 252), the Regulations of the United States Department of Transportation issued thereunder (CFR Title 49, Subtitle A, Part 21), and the assurance by the RECIPIENT pursuant thereto. Title VI prohibits discrimination on the basis of race, color, national origin, disability, gender, and age in all programs or activities of any RECIPIENT of Federal assistance.

Section 19. Equal Employment Opportunity. In connection with the execution of this AGREEMENT, the RECIPIENT shall take affirmative action and not discriminate against any employee or applicant for employment to ensure that applicants are employed, and that

Such actions shall include, but not be limited to the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection of training including apprenticeship. The RECIPIENT shall incorporate the foregoing requirements of this paragraph in all subcontracts for services covered by this AGREEMENT.

Section 20. Disadvantaged Business Enterprise (DBE) Requirements. An applicant DBE firm must be given consideration for participation in the PROJECT and a DBE goal may be set by the RECIPIENT for work on the PROJECT. If a goal is established, the CABINET shall review and approve the DBE goal based on CABINET processes and procedures. Should a DBE goal be established, any participating DBE firm must be certified as a DBE firm and be prequalified with the CABINET. The RECIPIENT agrees to comply with the DBE Requirements contained within 23 CFR 635 Subpart A, Section 1101(b) of Public Law 109-59, Chapter 3 of Title 49 USC and 49 CFR Part 26 to ensure equal opportunity to socially and economically disadvantaged small businesses.

The contractor shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of contracts assisted by the United States Department of Transportation. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other allowable remedy the CABINET deems appropriate. Each contract signed with a contractor (and each subcontract the prime contractor signs with a subcontractor) must include this provision.

DBE Prompt Payment Requirement. The RECIPIENT must abide by 49 CFR Part 26.29 with regard to prompt payment mechanisms and retainage payment. If applicable, all contractors must be paid within ten (10) working days after the RECIPIENT has been paid by the CABINET for work performed or services delivered. The construction of a 0.6 mile multiuse path system from Winkler Avenue to Sharp Street provides enhanced pedestrian opportunities and new bicycle facilities to this residential neighborhood. It connects residents of this parkway with neighborhood parks and businesses and will provide a link in the larger multiuse path system which will extend along the entire length of Algonquin Parkway.

CMAQ funds will be used to pay for 80% of the project cost. The local match requirement will be met through cash from Louisville/Jefferson County Metro Government.

*Introduction*

This Project Development Checklist is intended to assist in development of a project which conforms to regulations, policies, and guidance for Federal-aid transportation projects.

State Administered Local Public Agency (LPA) Federal-Aid Projects:

The Project Development Checklist should be completed by the LPA and submitted to the appropriate KYTC Administering Office with the complete Plans, Specifications, and Estimate (PS&E) package for review and approval. The completed Checklist signed by an authorized agent of the LPA will serve as certification that the contract documents for this project have been prepared in accordance with the KYTC LPA Guide, the KYTC/LPA Project Agreement, and all applicable Federal-aid laws, regulations, and policies. Approval of the PS&E package and certification by the KYTC of the Checklist will allow the KYTC Division of Program Management to request an FHWA Construction Authorization for the project.

State Administered Federal-Aid Projects:

The Project Development Checklist should be completed and signed by KYTC once the PS&E package has been completed. Completion of the PS&E Package and certification by the KYTC of the Checklist will allow the KYTC Division of Program Management to request an FHWA Construction Authorization for the project. Completion of Project Development Checklist for State Administered Federal-aid Projects will be verified by the FHWA on a regular basis through program and process reviews.

FHWA Full-Oversight Federal-Aid Projects:

The Project Development Checklist should be completed by the KYTC and submitted to the FHWA with the complete Plans, Specifications, and Estimate (PS&E) package for review and approval. The completed Checklist signed by an authorized agent of the KYTC will serve as certification that the contract documents for this project have been prepared in accordance with approved processes and all applicable Federal-aid laws, regulations, and policies. Approval of the PS&E package and Checklist by the FHWA will allow the KYTC Division of Program Management to request an FHWA Construction Authorization for the project.

The Checklist is composed of a series of yes/no questions in categories including Planning, Environment, Right-of-Way & Utilities, Plans & Specifications, Estimate, and Proposal. Many questions also include sub-questions which request additional supportive information and references to contract documents. Answer all questions by checking yes or no and providing any supportive information. If
